Texas Emigration and Land Company!

320 Acres of Land for \$20--160 Acres of Land for \$10.

THE Texas Emigration and Land Company having derived their Grant from the late Republic of Texas, by contracts made with the President thereof, under authority of the special acts of Congress, approved 4th February, 1841, and 16th January, 1843, granting lands to Emigrants, will continue to give 220 acres of land to families, and 160 acres of land to single men over 17 years of age, until the 1st day of July, 1848, conditioned that the family shall pay \$50, and the single man \$10, for the surveying fees. A family, as defined in our Contracts, must consist of—

that the family shall pay \$5.0, and the single man \$10, for the surveying fees. A family, as defined in our Contracts, must consist of—

"A man and his wife, with or without children."

"A widower with two or more children; if males under 17 years of age, if females, unmarried."

"A widow with two or more children; if males under 17 years of age, if females, unmarried."

"I wo single men over the age of seventeen years, each one being entitled to 160 acres."

On his arrival in the Colony, the Emigrants should fortiwith apply to the Agent of the Company, Mr. Henry O. Hedgcoxe, residing at Stewartsville, in Denton county, who will at all times be ready to assist him in the selection of his land, and enter the same on books kept for that purpose, and give him a certificate therefor; which certificate will be evidence of his having settled in the Colony in due time.

Our Grant lies in the North-Eastera part of Texas, between the 12rd and 24th degrees of Latitude North, and 19th and 22nd degrees of Longitude West, from Washington; beginning on the south side of Ked River, at a point 12 miles east of the False Oua chitta, running thence due South 100 miles, thence East 164 miles, thence North 190 miles, thence East 164 miles, thence North 190 miles, thence West 164 miles to the beginning, having a front on the meanderings of Red River of nearly 300 miles; and includes within its limits the upper and lower Cross Timbers, and the head waters of the Brasos and Trinity Rivers, the Trinity being navigable for Steam Boats of light draught, from the interior of the Colony to the Gulf of Mexico, into which it empties, some 25 miles from Galveston, and Red River, to the Mississippi, affording an outlet for the surplus productions of the country. This portion of Texas is peculiarly adapted to the growth of wheat, experience within the last two years having tested the fact, that it will produce 40 bushels to the acre, weighing 65 to 10 pounds to the bushel. Indian corn, rye, barley, oats, sweet and Irish potatoes, peas, beaus,

The planting season commences in February and continues until July.

Colonel William Myers, who removed there from Garrard County, Ky., last fall, says, in a letter dated 8th May, 1842.—
"I will not venture to tell my friends in Kentucky that the land here was better than the best land in Kentucky, because they would not believe it; but now I assert it, for the soil is deeper, being; in many places five feet, and the kindest land to work lever put a plough in. I verily believe that around the forks of the Trinity, lies the largest body of first-rate land in America."

Let no Emigrant loose sight of the important fact, that our contracts with the Government of Texas expire on the 1st day of July, 1848, and that he must not only be in the Colony, but that he must have selected his land, built a house or cabin thereon, a nd be residing therein with his family by that day;—one day after that date, and the opportunity of getting lands for nothing is, perhaps, lost for ever. Persons desiring additional information, by addressing the undersigned Trustees or either of them, post paid, shall receive prompt attention.

THE: SE BITTERS have been used by Dr. Taylor in an extenproven in many parts of the country to be the most valuable Medicin seever known for restoring female health. Females of every a ge will find them to be a never failing remedy in all cases of Dere nged Menstruation, bringing about regular, easy, and healthy menstrual evacuations.

In the critical periods of life, when there is an effort of nature either to set up or arrest the monthly sickness, they are essential to heal th, warding off Dropsies and Consumptions, which are so common to those stages of life. The general health is so improved by their use that Barrenness cannot exist under their influer ice.

After some remarks by Mr. Marshall against the bill, and Messrs. Grey, Evans, Hardin and Walker in favor of it, the bill was read a third time.

Mr. WILLIAMS did not wish to commit hi mself by his vote, to hereafter vote thousands upon thousands of dollars to this object. The amount now asked for in the bill, \$15,000, is not sufficient to erect the necessary buildings for the comfortable keeping of 300 Lunatics, as is expected by the bill the finances of the State will not admit of greater appropriations, and he therefore would move to strike out three hundred patients, and insert two hundred. The chair decided the motion out of order.

Mr. MARSHALL did not desire to be under stood as being opposed to the Institution; but so marry appropriations had already been made this winter, in order not to embarras the Treasury, the erection and location of this Asylum, in his opinion, should be

Mr. HEADY moved to refer the bill to the committee on Finance.

Mr. EVANS advocated the bill-gave the history of the young lady; her parents were poor, but respectable; her father was a pious man; she was orn without arms; the court would make no allowance for her support, unless she would go to the poor house; she and her friends were sensitive on this subject; they did not want her to go there, nor did he himself desire to see her forced to go there for a living. He hoped the Senate would not refer the bill to the committee as asked for by the Senator from Spencer, as it was too late in the session to pass it if referred; he desired very much to see the bill pass; it was but a small boon asked for, and he was satisfied it would be right to give it.

The bill was then referred to the committee on Finance.

HOUSE OF REPRESENTATIVES. FRIDAY, Feb. 25, 1848.

EVENING SESSION.

A bill to divorce Joel Jones came up in order at this time; read.

Mr. GRAINGER said, he hoped the divorce would be granted. It is well known that this case was a righteous one, and the only difficulty on the subject, was that poor Joel, on yesterday, had four men and two women packed on his back. He is a strong man, Mr. Speaker, but it is weight enough to break any one down; any one except Joel Jones, who yesterday made a four mile race, and carried all the extra weight above mentioned.

Now, sir, I have during this session, been tolerably modest, (being naturally a modest man,) I have never asked a favor, nor have I kept the House listening to long, unmeaning speeches, under these circumstances. And moreover, that it would not be just to visit the sins of others on poor Joel's head; and it is his misfortune, and not his fault, that the amendments have been strapped on his shoulders. I therefore hope the bill will pass.

The Yeas and Nays being called, it was passed,

41 to 34. Mr. J. BROWN said, by an act of 1845-6, the prices of the public printing were established, and no examination or report of the committee would vary it; and by the same act it was made the duty of the 2d Auditor to audit the accounts of the Public Printer, and re-measure the work if necessary, to ascertain its correctness; and therefore an examination by the committee was unnecessary, and therefore he asked that the committee on public printing be discharged from making a further report; granted.

The bill to fix the ratio and apportion the representation for the next four years, came up in order at this time.

Mr. JOHNSON withdrew his motion to commit. Mr. HOLMES moved that the Senate bill be adopted as a substitute for the House bill; lost. The question now being on engrossing and read-

nine were absent. Mr. WILKINS moved to amend so as to give

Warren two, and Logan one Representative. He presented this motion with a consciousness,

that whatever might be the result, it was his duty to do it. The qustion turned alone upon a proper construction of the constitution, and he believed both the letter and spirit was in opposition to the bill as it now stood, and in support of his amendment. He here read the section of the constitution in relation to the representation, and explained its application

He admitted that cond Monday's in June and December, and shall set the constitutional argument of the gentleman from twelve juridicial days each term, if the business Warren, (Mr. Wilkins,) was good so far as it went, should require it. but there were other matters to be taken into consideration. The county of Logan drew residuums from her surrounding counties, and from which, Allen Circuit Court. Warren could not draw the residuums in accordance with the constitution. So the motion preclaims were now quite as strong as they had been vailed. at any previous apportionment. He opposed the amendment at length. Mr. WILKINS could say that Warren county

did expect, and could by right, demand two Representatives. He should do his duty to his constitu ents and leave the consequence to this House. He knew that so far as the House committee was concerned, that they at first stood six in favor of giving to Warren two, and four for giving to Logan two, but afterwards they reversed the vote, for what reason he could not say, but he mentioned the fact to show that the matter was one of doubt to the committee. He insisted that the residuums of the surrounding counties could be given to Warren with more propriety and with equal constitutionality as to Logan. When the county of Logan supplies the deficit of the counties below her, and takes her residuums from Edmonston and Butler, she only has a ballance of eleven, and with that view of the case, Warren was certainly entitled to two Repre sentatives instead of Logan. He advocated the amendment at length.

Mr. GAINES called for a division of the question; and the motion being to strike out two after Logan, he insisted that the member should be taken from Logan and given to Mercer.

Mr. BOWLING thought the gentleman from Warren (Mr. Wilkins) had made a great mistake in relation to the deficit from the counties below. He insisted that if a line was drawn due North by the East line of Logan county, that the resdiums from the counties below and West, were more than sufficient to supply the deficit of Logan. That the three counties of Warren, Simpson and Allen, had but 145 over the number necessary for their three Representatives. He answered the gentleman from

Mr. HUGHES said since the gentleman from Warren (Mr. Wilkins) had disclaimed the idea of rolling residuums, it seemed to him that the House would refuse to strike out. He was of opinion that under the Constitution the county of Logan was entitled to the two representatives.

The yeas and nays being called, the motion was

Mr. ALLIN moved to amend so as to take from Nelson one, and give it to Mercer. He did not like to take up the time of the House at this stage of the session, but he felt that it was nothing but reasonable and just that he should make a plain statement of facts and statistics, and show that the county of Mercer was entitled to two, and that Nelson to but one member. He insisted that the residuum of Nelson was necessary to make up the deficits of the several counties that should draw from her, and that Mercer was really, from every consideration, entitled to two representatives. Mr. S. YOUNG opposed the amendment, and in-

sisted that Nelson was entitled to draw the residuums of the counties of Washington and Marion, and those two residuums would make up to within 94 votes, the full ratio for two members; that Mercer was called upon to make up the deficits of the counties surrounding her; that Nelson had always drawn residuums from those counties surrounding chel Bedford; read and passed. her, and there was no reason to change that long established usage, and especially till a clear and constitutional argument could be urged against it. He opposed the amendment at length.

Mr. ALLIN replied to the gentleman from Nelson, (Mr. Young.

Mr. GAINES thought it was nothing but right, reasonable and just that Mercer, instead of Nelson, should have two representatives. He examined the Ferries. The yeas and nays being called on the adoption of the amendment it was lost, 37 to 45.

Mr. CARLISLE moved to amend so as to take one from Bourbon and give it to Kenton.

Mr. HAGGARD moved that the House do now (a quarter past six) adjourn. The yeas and nays being The qustion being on reading the bill a third time, called, it was lost, 33 to 51.

HOUSE OF REPRESENTATIVES.

SATURDAY, Feb. 26, 1848. The House was opened with prayer by the Rev.

Mr. Goodman, of the Baptist church. A message from the Senate, announcing the pas sage of certain bills, &c.

On motion of Mr. FLOYD, the Senate bill to repeal the 13th and 14th sections of an act, to amend the road law in the county of Trimble, passed this session, was taken up at this time; read and passed. Mr. TOWLES, of the committee of conference,

with a Senate committee, on the amendment by the Senate of the bill to increase the revenue, reported a resolution that the Senate's amendment be concurred in; the report was agreed to. Mr. WALL had leave to report at this time, a bill

to abolish certain election precincts, in Daviess

county, and establish one in another portion of the county; read and passed. Reports of Standing Committees. The bill under consideration yesterday, when the

orders of the day arrived, to divorce Mary Crisman. The question being on the amendment of Mr. Carlisle; it was adopted. Mr. J. FIELD moved to amend, by adding a sec-

tion to divorce Brazilla Peyton. Mr. WINTERSMITH moved the previous questlon, and the House sustained the motion. The amendment was then adopted; and the ques

tion being on the final passage of the bill, and the yeas and nays being called, it was lost 39 to 41. A message from the Senate, asking to withdraw their concurrence in the resolutions in relation to

the boundary line of the State. Mr. HUGHES moved that the House now take up the apportionment bill; carried.

The question was on the amendment, giving to Kenton two members and Bourbon one. Mr. CARLISLE advocated the amendment, and exhibited statistics in relation to the number of voters of each county, and the number of residuums they were respectively entitled to, and the deficits they each were each to make up, and insisted that justice and the constitution demanded that the county of Kenton was entitled to two Representa-

ives instead of Bourbon. Mr. HANSON briefly replied to the gentleman from Kenton, (Mr. Carlisle,) and insisted that the

bill as it now stood should be sustained. Mr. TALIAFERRO advocated the amendment. The yeas and nays being called on the adoption o the amendment, it was lost 37 to 45.

A message from the Senate, announcing the passage of the resolutions in relation to the boundary line, with an amendment; the House concurred in the amendment. Mr. BELL moved to amend so as to give Ohio on and Hancock one. He advocated the amendment, and

insisted that the constitution actually demanded that the representation should be given to Ohio, she having a full ratio. Mr. A. YOUNG said, as the session was so near a close, this being the last day in which bills could

be passed, he was opposed to consuming the whole of the time on this bill, and he therefore called the previous question. The question being, "shall the main question be now put ?" the Yeas and Nays were called thereon,

and the house decided in the negative, 19 to 64.

Mr. McKINNEY, of the committee on Enrollments made a report.

Mr. HUGHES moved to amend the amendment, so as to give Ohio one, Hancock one, and Larue and Taylor one. He advocated the adoption of the amendment, and exhibited the statistics of the several counties, and insisted that the adoption of the amendment would give them a representation nearer equal than the bill as it now stood. That the counties surrounding Larue and Taylor, were all except one, counties having deficits to be made up by those counties, while the county of Ohio had 90 votes over the ratio. He felt that the constitution demanded that the change should be made, and he cared not what the political aspect might be, he should discharge his duty according to his conscience and judgment, untrammelled by any political considerations. Ohio county did not beg this change,

but demanded it, as she had a constitutional right to Mr. HARRIS thought there were two questions in this matter. The one was, can we take the separate representative from Hancock, when she has a full ratio, under the constitution? And the other was, if it should be done, would the representation be equal? He thought both questions should be answered in the negative. He exhibited the statistics of the counties surrounding Hancock, and insisted, that under no phase of the matter, had the house the right to take from Hancock her separate representati ve.

Mr. HUGHES withdrew his amendment.

Mr. WINTERSMITH took these two propositions. On e, he proposed to show that Larue and Taylor were each entitled to one representativeand the other, that Ohio could not, under any con struction of the constitution. He exhibited statistics to sustain the two propositions taken by him. The constitution said, "but when a county may not have a sufficient number of qualified electors to entitle it to one representative, and when the adjacent county or counties may not have a residuum or residuums, which when added to the small county would entitle it to a separate representation, it shall then be in the power of the Legislature to join two or January 6.

CHILTON said, I do not know whether the gentleman from Hardin, (Mr. Witersmith.) is sincere in the motion he has made or not, but judging from the fact that he is a reasonable man, I should say he is not, for I assure you the motion has no reason in it, and cannot be sustained by facts. Christian and the five other counties surrounding her, is

allowed by the bill seven members, with a ratio of Now, sir, it is a settled question, of the Constitution, that the county containing the largest number of qualified voters but which still has a deficit (as is precisely the case with Christian) must draw the residuums from the smaller counties surrounding and contiguous to her. This being the case, how , s it possible for gentlemen to get up here, and seriously make this motion-I however agan say, that I do not believe the gentleman from Hardih is in earnest. He is a funny young man, and is only attempting to play off on the House, some of his spirit, and I feel confident the House will reject his amend-

Warner's Patent Premium Pumps.

This novel invention, combining the greatest simplicity, du rability and economy, with the most efficient action, is acnowledged by all who have tested its merits, to be superior all respects, to any Pump now in use, for it not only embraces the qualities of an ordinary Pump, but is an efficient FIRE ENGINE.

These Pumps are suited to Cisterns and Wells of all depths. They have been adopted by the City Council of Louisville, for the Public Wells. The Pump was exhibited at the great Fair in New York city, in October, 1846, and there obtained a Silver Medal, as the best exhibited, a New York city Manufacturer coming off second best. These Pumps are manufabured at No.

BY TELEGRAPH FROM LOUISVILLE.

We are indebted to Mr. J. W. CLARKE, Telegraphic Reporter of the Louisville Courior, for the following despatch, dated-

Louisville, Saturday night. The Washington Union, says my Philadelphia correspondent, by Telegraph, approves the terms of the Treaty of Peace with Mexico, but objects to its origin being ascribed to the President. The Union C further says, that Mr. Trist's action in the matter was unauthorized throughout.

At Philadelphia to-day, there is a large concourse of citizens assembling to receive the remains of the Hon. John Quincy Adams, from Washington, and honor them with appropriate funeral rites. The bells are muffled and tolled. The flags of the shipping are hung at half mast and enveloped with crape. The scene is one of imposing grandeur.

THE ONLY REMEDY !:---HART'S VEGETABLE EXTRACT,

Is an invaluable remedy for Epileptic Fits, or Falling Sickness, Convulsions, Spassus, &c.

It is well known, that from time immemorial, Physicians have I premounced Epileptic Fits incurable. It has baffled all their skill, and the boasted power of all medicine, and consequently thousands have suffered through a miserable existence, and at last yielded up their lives on the altar of insanity. Physicians of every age have pronounced this disease incurable. The proprietors of the Vegetable Extract, however, feel no delicacy in saving, that it can be cured. They would, therefore, respectfully invite Physicians and all others who are interested, to examine the testinony which is here offered. If it is deception, let it be exposed; but if it is true, then in the name of humanity, no longer let it be said that Epilepsy is incurable.

HART'S VEGETABLE EXTRACT,

HARTS VEGETABLE EXTRACT,

For sxiteen years, has been tested by many persons who have suffered with this dreadful disease, and in every case where it has had a fair trial, has effected a permanent cure.

Col. Benslow, of Yonkers. New York, states that his daughter has been afflicted with Fits for more than 9 years, and has been cured by the use of the Vegetable Extract.

Mrs. J. Bradley, 115, Orchard street, New York, states that she has been subject to Fits for many years, and has been restored to price health (after every other means had failed) by the use of the Vegetable Extract.

the Vegetable Extract.

Dr. Charles A. Brown, of Bover, Russell co., Alabama, who is one of the best Physicians in the State, says that he has been much benefitted by the use of the Vegetable Extract, and that he unhesitatingly prescribes it in every case of Epilepsy which

unhesitatingly prescribes it in every case of Epilepsy which comes under his knowledge.
Curtis G. Mayberry, Esq., formerly Postmaster at Lime Mills.
Crawford co., Pa., now living in Eric co., Pa., states that for many years past he has been sorely afflicted with Fits, and he is now happy to state that by a persevering use of Dr. Hart's Vegetable Extract for a few months, has restored him to sound health, being entirely freed from that worst of all diseases. FITS OF 27 YEARS AND SIX MONTHS CURED BY THE USE OF THIS TRULY WONDERFUL MEDICINE!

USE OF THIS TRULY WORDERFUL MEDICINE:
Read the following remarkable case of the son of WILLIAM
SECORE, Esq., of Philadelphia, afflicted with Epileptic Fits 2.
years and 6 months. Aftertravelling through England, Scotland,
Germany and France, consulting the most eminent Physicians,
and expending for Medicine, medical treatment and advice, three
thousand dollars, returned with his son to this country in November last, without receiving any benefit whatever, and was
cured by using

HART'S VEGETABLE EXTRACT.

Mr. Wm. Spoore's Letter to Doctors Ivans & Hart.—I have spent over three thousand dollars for Medicine and Medical attendance. I was advised to take a tour to Europe, which I did. I first visited England, I consulted the most en ment Physicians there in respect to his case. They examined him and prescribed accordingly. I remained there three months without receiving any change for the bester, which cost me about two hundred and flitt dollars, pocketed by the physicians, and the most I received was their opinion that my son's case was hopeless, and positive ly incurable. I accordingly left England, and traveled through Scotland, Germany and France, and returned home in the month of November last, with my son as far from being cured as when I left. I saw your advertisement in one of the New York papers, and concluded to try Hart's Vegetable Extract, seeing your statements and certificates of so many cures, some of twenty and thirty years' standing, and can assure you I am not sorry I did so, as by the use of Hart's Vegetable Extract alone, he was restored to perfect health. His reason, which was so far gone asto unfit him for basiness, is entirely acstored, with the prospect now before him, of life, health and usefulness. He is now 28 years or age, and 27 years and 6 months of this time has been afficted with this most decadful of diseases; but thank God, he is now enjoying good health.

Now, restlemen, faith without works I don't believe in. To HART'S VEGETABLE EXTRACT. now enjoying good health.

Brother laborer in the cause of Humanity:

Dear Sir:—It is with no small degree of pleasure that I am enabled to announce to you the complete triumph of your invaluable medicine in cases of Epile; sy. I have prescribed it in four instances in this wichnity, and it has been highly successful in all. Three of the patients. I trast, have been radically cured. The fourth one is rapidly improving, and will, I think without doubt recover. I am not is the habit of prescribing or recommending. Patent Medicines, but when I see an article which promises so much for the relief of suffering humanity, I feel it my duty to recommend it; and I have no hesitation in saying, that as soon as the Faculty are fully acquanted with the real merit of your medicine, they will close their eyes against prejudice and lend you a helping hand.

I subscribe myself, yours, sincerely, (Signed)

LIFE INSURANCE.

NAUTILUS (MUTUAL LIFE) INSURANCE COMPA-NY, No. 29, WALL STREET, NEW YORK.

This company, which confines its business exclusively to Life Insurance, has now been in operation two years and a half, during which period it has issued 15.3 policies, and for the first eighteen months it experienced no loss. Its losses for the whole time have been less than \$18,000—leaving an accumulation of about \$65,000 on hand, beyond the payment of claims and expenses. This, added to the original guaranty capital of \$30,000, places the security of the Company on a basis so solid as no longer to admit of a rational doubt.

All its profits accrue to the credit of the dealers, and are divided annually among them, whether the policy be issued for a limited period or for the whole term of life, a feature unknown in the charter of any other Mutual Life Insurance Company incorporated by this State:

Two dividends of 50 per cent. each, on the amount of premiums received, in accordance with the provisions of the charter, have been declared, and are credited to the accounts of the assured, and for which scrip certificates will be issued.

KENTTOKY MILITARY INSTITUTE.

This institution, created by an Act of the General Assembly will be opened for the reception of Pupils, On the 1st of March, 1847, under the immediate di-rection and entire control of a

Board of Visitors,

Appointed by the Executive of the Commonwealth. Appointed by the Executive of the Commenwealth.
IT contemplates a Military Organization for Literary and Scientific purposes; an education eminently scientific and practical; the formation of regular habits, and the diffusion of a knowledge of Military Science.
Military duties will not be permitted to interfere with the pupil's progress in study, but will rather take the place of his unprofitable, and often, vicious play.

The course of study adopted, and which will be required in order to graduation, is that usually taught in the best Colleges, except that but one language is required, (Latin or French,) the time usually occupied by the second, being devoted to a more extended course in Mathematics, Natural Science and English Literature.

tended course in Mathematics, Natural Science and English Literature.

A Preparatory Department is organized in connection with the Institute, in which boys of any are are taken, and are subjected to the same Military discipline as the Cadets.

The position of the Institute, at the Franklin Springs, near Frankfort, Kentucky, (recently occupied by the Franklin Institute,) is admirably adapted in every respect to Academical purposes; the locality being airy and healthy, the mineral waters salubrious, the buildings elegant, extensive and commodious, and entirely apart from the contamination and multiplied malign influences, which seem inseparable from a city or village residence. The Institution is placed under the charge of Col. R. T. P. ALLEN, as Superintendent, who has been brought prominently before the public, as a competent and successful teacher and governor of youth, by his honorable graduation at the United States Military Academy; his subsequent connection with the Army, and with the Eagineering Service of the General Government, as Superintendent of public works; by his long experience as an Instructor, by his recent connection with the Transylvania University.

The Academic Year will be divided into two Sessions

of twenty one weeks each.

The first commencing on the 1st Monday in October, and the second on the 1st Monday in March. The only vacation occupying the months of August and September.

The month of July will be spent in an excursion tarough the State, for the better study of its Geology and of Natural Science generally.

generally.

Applicants for admission, on paying the charge of the Institute and presenting a certificate of good moral character, will be admitted into the classes as their advancement may justify, an upon satisfactorily passing the next examination thereafter, will be entitled to a warrant of appointment, as Cadet, from the Governor. The uniform of the Cadets is plain and neat, and being a Kentucky Jeans, will greatly reduce the expense of their clothing

Dr. Penney's Ague Pills.

In presenting the public with this remedy for the most troublesome of Western diseases, I am not unapprized of the opposition that it will at first meet; for the community has suffered much by the impositions and frauds practiced by the getters-up and venders of patent nostrums, specific remedies, and medicines professing to cure all diseases. So much have the people suffered from such infractions on their credulity, that it would seem foolish in any one, at this day, to introduce a specific for any Disease; but I do it, and do it too, sanguine of success. Having had ample opportunity to test the efficacy of the Ague Pills now presented to the public. I do assure it, that they have never failed to cure in one solitary case where the directions were strictly observed.

strictly observed.

They seem equally as well adapted to Agues of long standing as more recent ones. I could adduce a great many certificates in support of what has been said above, as regards their success; but that would swell, unnecessarily, this publication. A few respectable witnesses are worth a host that are otherwise. See what Dr. John McRoberts, Druggist and Physician in Lawrenceburg, Kentucky, says, whose acquaintance with the Ague Pills is better than that of any other person. LAWRENCEEURG, Ky., Oct, 1847.

This is to certify, that I have been selling Penney's Ague Pills as local Agent for this place since some time last spring; and in every solitary instance that has come to my knowledge, the have succeeded in curing the Chills and Fevers. I heartily re end them to the public, as a remedy every way worthy ence.

JOHN McROBERTS. Camben, Anderson County, Ky., Oct. 1847.

This is to certify, that I have been acting as Dr. J. E. Penhey'thocal Agent at this place, in selling his Ague Pills; and in no ase have they failed to cure, where the direction ELIJAH ORR. SALT RIVER, ANDERSON COUNTY, Ky., Oct. 1817. This is to certify, that my grand daughter was afflicted with Chills and Fevers last spring. I procured one box of Penney's Ague Pills, and gave them by the directions; she was promptly and effectually cured. Some of my neighbors have used them

DAVID EGBERT. ANDERSON COUNTY, Ky., Oct. 1847. This is to certify, that last spring my wife and self were both severely afflicted with Chills and Fevers. I procured two boxes of Dr. Penney's Ague Pills; we took them by the directions, and neither one of us had another Chill after we commenced their use. Some of my neighbors have also used them, and, so far as my knowledge extends, with complete succe

HOUSE AND LOTS FOR SALE.

DESIRING to take a residence more retired, I will sell, if early application be made, my house and lots in Frankfort, on Ann and Mero streets. The buildings are in excellent order and embrace superior conveniences for a towa residence. The garden is perhaps one of the best stocked, for its size, in the Western country, abounding in every production, adapted to the chimate, necessary to the comfort and luxury of a family. The collection of fruit and ornamental trees, grapes, shrubbery, flowers, &c. &c. is exceedingly choice in every department, among which, are nearly 160 varieties of superb roses.

Besides the lot of 160 feet front on Ann, attached to the house, there are three elegant building lots, two of 50 and one of 40 feet front on Ann, 200 feet deep to an alley, the latter fronting 200 feet on Mero. I will sell in parcels, or the whole together. Terms, liberal, made known on application. THO, B. STEVENSON.
